WHAT WE AGREE BEFORE SCHEDULING

Before scheduling, we agree on the audience, topic, session length, learning outcomes, materials, preparation, and follow-up in writing. Professional development is separately scheduled and priced; annual membership does not include a professional-development day. Conference keynotes, retreats, and substantial custom work receive a separate quote.

TRAVEL DETERMINED SEPARATELY

Travel expenses are additional and determined by location, schedule, and actual needs. Many visits may be within a day's drive; mileage, tolls, parking, lodging, and other necessary expenses are confirmed in advance when applicable. No material travel expense is incurred without prior agreement.

ANNUAL ADVISORY MEMBERSHIP

Assessments are always free. Annual membership is \$2 per enrolled student, per year (250 students = \$500 annually). It includes processes, content, assessments, reports, an initial results-review Zoom consultation, and scheduled quarterly check-ins. Additional sessions and substantial projects are quoted separately. Travel expenses are extra and agreed upon in advance.

OUR COMMITMENT

Arete commits 10% of all Arete Advisory Group revenue to promoting sustainable Christian schools, with annual accounting of allocations and actual spending. Review the revenue definition and reporting policy at areteadvisorygroup.com/impact.
